## CordenPharma Switzerland Transfers Pseudoproline Building Blocks Portfolio to PeptART Bioscience GmbH

**CordenPharma Switzerland LLC (Liestal, CH)**, one of multiple CordenPharma Active Pharmaceutical Ingredient manufacturing facilities, is pleased to announce the transfer of their entire Pseudoproline Building Block product portfolio to **PeptART Bioscience GmbH** based in Läuelfingen, Switzerland, effective November 1, 2015. PeptART Bioscience GmbH is a highly experienced Swiss manufacturer and successful distributor of Pseudoproline Building Blocks.

CordenPharma Switzerland will continue to serve its pseudoproline customers until November 1, 2015, after which date all further orders or inquiries will be redirected to PeptART Biosciences GmbH for processing. PeptART Bioscience GmbH will take over the Pseudoproline Building Block business from CordenPharma Switzerland and market them to clients globally.

PeptART Bioscience GmbH will publish a new catalog, listing all their products such as Amino Acid Derivatives, Pseudoproline Building Blocks and related products in the field of peptide chemistry. All products can be used for peptide synthesis in solution and solid-phase from laboratory through commercial scale. PeptART Bioscience GmbH will continue to develop its portfolio by adding new products on a regular basis.

PeptART Bioscience GmbH is committed to ensuring that this change has little impact on your research and projects, so please ensure your ordering department and ordering processes reflect this change. To search for and order Pseudoproline Building Blocks after November 1, 2015, contact PeptART Bioscience GmbH by phone +41 62 285 20 60, email [sales@peptart.ch](mailto:sales@peptart.ch) or visit [www.peptart.com/Pseudoproline-Building-Blocks/](http://www.peptart.com/Pseudoproline-Building-Blocks/).

**Dr. Jürg Burger**, Managing Director of CordenPharma Switzerland LLC states: “Based on our genuine interest and commitment to providing outstanding service for our long-standing Pseudoproline Building Block customers, we are confident in our decision to select PeptART Bioscience GmbH for the transfer of this business. As a trustworthy Swiss company which has been active in Pseudoprolines for many years, we feel they will serve this niche market with quality, responsiveness and reliability.”

**Rudolf Tanner**, CEO of PeptART Bioscience GmbH explains: “We have been producing and distributing Pseudoproline Building Blocks successfully and worldwide for years. After developing several specialties, for example Cys-derived Pseudoproline Building Blocks Fmoc-Aaa-Cys(Psi(Dmp,H)pro)-OH, we are proud to take over this part of business from CordenPharma Switzerland and to serve our enlarged clientele with our products made in Switzerland.”

**CordenPharma**, a pharmaceutical brand of International Chemical Investors Group (ICIG), is your full-service partner in the Contract Development & Manufacturing (CDMO) of APIs, Drug Products and associated Packaging Services. Through a network of fully-inspected cGMP facilities across Europe and the US organized under six technology platforms – Peptides/Lipids/Carbohydrates,

*Injectables, Highly Potent, Small Molecules, Antibiotics, Oncology - CordenPharma experts translate complex ideas at any stage of development into high-value products.*
